

Asbury Fever

Asbury Fever is a 7-10 piece band, complete with horns, that celebrates the music of the Jersey Shore and more.

The band was formed in the Spring of 2002 by a group of musicians who share a passion for the music of Jersey Shore influences such as Bruce Springsteen, Southside Johnny & The Asbury Jukes, Little Steven, Clarence Clemons, Bon Jovi, John Eddie, and Gary US Bonds. The concept of Asbury Fever is to recreate the popular Jersey Shore sound of the 70's and 80's by covering the many artists that define that distinct sound. An Asbury Fever show captures the intensity of these legendary Jersey artists and features a 3-piece horn section.

That is the essence of Asbury Fever, but there is more. On any given night Asbury Fever can pull out classics from Meatloaf, The Blues Brothers, John Cafferty, Elvis Costello, U2, Wilson Pickett, Elvis Presley, and others. The end result of this blend of great Jersey Shore artists is a band that will have you rocking and dancing all night long.

Asbury Fever is truly the "Ultimate Jersey Party Band."

Let Asbury Fever take you "down the shore" at your next party or corporate event.

TESTIMONIALS

So last Wednesday I made the trek to AC with my dad and brother (Trump Marina) for a couple days vacation to get some sun, sand, and the B-Street Band on the deck Thursday night @ Trump's. As it turned out ANOTHER of my favorites "Parrot Beach" was playing Wednesday night (Jimmy Buffett tribute) our first night in town so I was 'stoked'.... as the kids say.

Well, the B-Street Band CANCELLED their show for Thursday due to an illness in the band. I've been going to see the band since the early 90's and that had NEVER happened before. I couldn't believe our bad luck. HOWEVER, the replacement band was 'Asbury Fever', and I was prepared to hate them. As a fan of B-Streets for so long, I have somewhat high standards regarding anybody who covers Bruce.

All I can say is....WOW!! They were fantastic!

Lots of Springsteen, a few Southside Johnny songs here and there, too. GREAT setlist (The Fever was awesome!) and the lead guitarist was off the hook good. Lots of energy from the front man, and he sang spot on versions of SSJ's 'Talk To Me' and 'Trapped Again' (among others).

These guys SAVED our trip, and I now consider myself a fan. Kudos for a job MORE than well done, and I encourage anybody who hasn't seen them to go take a listen if you can. Thanks Asbury Fever! We'll be seeing y'all again down the road for sure.

Guys, Your Mahwah show, last night, was Awesome! The band was Tight! Only disappointment was that you didn't play "Incident" (next time). Thanks for Rockin' our town! Hope to see you guys again.

My husband and 2 sons were at Ramapo College last night and just wanted to know how thoroughly we enjoyed the show. It was the first time we had seen the band and we can certainly say it won't be the last. Although not an original Jersey girl, I my last 15 years have spent in this great state and I am happy to say my transformation is complete.

Last night demonstrated nearly all of the reasons I do love it here--outside, perfect night, friends, red wine, Springsteen and my 2 youngest sons singing along to all of the songs they hear in the car and in our kitchen. All we were missing were the waves of LBI (but vacation in 2 weeks will find us there as well).

Thanks for a wonderful night. And we look forward to seeing your show again.
